This is the latest regarding Montana's efforts. They are tracking the Assumable Waters issue.

Hope all is well, Kathy

Hi Jason,

Glad to hear that you were able to listen into the meeting and for your interest in 404 assumption. You'll find the slides used in the presentation attached to this email. You can also find them here: <https://www.epa.gov/cwa-404/final-report-and-presentation-nacept> Please let me know if there's anything else that I can do to help.

Best wishes,
Jake

Subject: Assumable waters presentation

Hi Jacob,

I listened in to the Assumable Water Subcommittee presentation to NACEPT last Wednesday, and wondered if you could send me the presentation slides? The Montana Legislature has considered the issue recently and may do so again.

Thanks,
